

## Call for Papers

### **Workshop on Recent Developments in Behavioural Economics and Mechanism Design**

**University of Glasgow, June 24-25, 2016**

**Organisers: Sayantan Ghosal and Michele Lombardi**

Submissions are invited for the workshop on Recent Developments in Behavioural Economics and Mechanism Design, to be held on Friday 24th – Saturday 25th June 2016 at the Adam Smith Business School of the University of Glasgow.

Geoffroy de Clippel of Brown University and Yuval Salant of Northwestern University have agreed to be keynote speakers.

The workshop will aim to

- Provide a forum for microeconomic theorists with an interest in behavioural economics and mechanism design working in Scottish/UK Universities for interaction with each other and with distinguished keynote speakers.
- Provide an opportunity for PhD students in Glasgow and other Scottish universities to interact with distinguished keynote speakers and faculty working in behavioural economics and mechanism design.

Submissions in all areas of behavioural economics and mechanism design are welcome. Preference will be given to completed papers.

Submissions should be e-mailed to the [organisers](#) by Monday February 29th 2016; decisions will be communicated shortly after the deadline.

Limited funds for travel and accommodation are available. Travel and accommodation expenses for participants presenting papers will be covered. Participants who do not necessarily want to present a paper are also welcome. Subject to availability, we will aim to refund reasonable travel expenses (equivalent to 2nd class rail fare) to academics and PhD students from SIRE universities who wish to attend, although those offering a paper will be given preference.

For information/queries/reimbursement requests please email the [organisers](#).

If you wish to register as a delegate for this event then you can do so via the Eventbrite booking facility.

### [REGISTER](#)

The workshop is sponsored by the Adam Smith Business School of the University of Glasgow and the Scottish Institute for Research in Economics (SIRE).

We look forward to your submissions and participation in the workshop.
